### IF IT WILL HELP ALBERTA THE EDMONTON BULLETIN IS FOR IT

SATURDAY, MARCH 1, 1930

### WELL AHEAD OF SCHEDULE

The National Railways are to spend The National Railways are to spend nine million dollars this summer in branch-line construction in the western provinces. This in addition to the outlay on the Had-son Bay Railway and on improvements to the state of the state

### WHOSE BUSINESS?

The legislature refused to order that all the cities in Alberta must elect their councils and school boards by the proportional representation method. In doing so the members demonstrated that they expend the second of the proving the second of the second of the proving the second of the second of the proving the second of the second of

WHY BE FOOLISH?

It would be interacting to know what the public school board of the city hoped to accomplish by running out the reporters and holding Wednesday's meeting behind closed doors. That has been done before in Edmonton, both by a school board and by a city council. The net results of the secretive body a measure of ampidion which the members mether reliabed nor altogether deserved. Like causes produce like results. The prestige of an elective lody invariably suffers when it shows a sole for secret. The Edmonton school board am not expect to be immune from that reaction.

not expect to be immune from that reacion ther considerations aside, it is utterly and essentially foolish to attempt to
reach a second of the consideration of the conpens to be the twentieth century, not the
cighteenth. What is planned in secret has
to be done openly, and when it is done the
reasons for doing it have to be explained
and justified before the taxpayers. The
latter have now been given cause to think
latter have now been given cause to think
latter have now been given cause to the
best do not intend to openly take responsibility. That simply cannot be done; and
in appearing to want to attempt to do it,
the board is only putting itself in a ridiculous position.

### THE JASPER TRAIL

THE JASPER TRAIL

One paragraph from the annual report of the Department of the Interior deserves particular attention from the legislature and the people of Albert of the main parks in the Rockies have been built, which now form, or ultimately will, part of through highways from the paralres to the Pacific costs. These rocks will cross he main Rockies by four different passes and Rockies by four different passes and the Pacific costs. These rocks will cross he main Rockies by four different passes parks; the Kicking Horse trail from Lake Louise to Leancholt: and the Athabaca Sighways, now completed in Jasper park lowhead Pass."

The William and State and St

and impassable at all other times.
That situation ought to be given apecial consideration at the present sitting of the legislature, and provision made for into an all-weather highway as soon as this can be done by active and continuous construction. The expenditure will of necessity be heavy. But the loss to Edmonton and to all central and northern Almonant to all central and northern Almonant is not made and made without delay.

## The Man of Fifty

"I'm fifty years of age," said he, "and to I have to go, This job is for a younger man, I've grown a triffe slow.

They want a youth who basn't learned the things I've come to know.

"Oh, I am whe in sorrow now, I know how close are tears,
I know the joy that is worth while; the false when it appears.
The man or woman learne a lot who lives through ffity years.

"Thi far more tolerant than I was. I'm not so quick to blame.
I've east my prejudice away, my temper doesn't flame And burn the way it used to do when youth was mine to claim.

"I have acquired in fifty years the calm which ag

At fifty love for constant strife a man is apt to lose, And so to keep a faster pace a younger man they

# A Purpose Worthy So Great a Sacrifice

It is obvious that these prices do not belong with LA FLECHE TAILORED CLOTHES. Until you know the purpose that inspires this remarkable clothes buying opportunity, you cannot reconcile so low a price with LA FLECHE CUSTOM CLOTHES QUALITY.

We believe there is no finer contribution that an employer can make to the welfare of Edmonton at this moment than to devise ways and means to keep the weekly pay envelope going regularly to his employees. The purpose is surely worthy of mighty sacrifice and now we are voluntarily making this sacrifice.

The quality of woolens involved (the entire La The quanty of woolens involved (the entire La Fleche stock) and the known superiority of La Fleche Tailoring are tangible evidence that these prices are lower than our net cost of production. The result of this unique effort will be three fold—first, full time production in our Tailor Shop with a regular weekly pay enveloped. lope to our employees; second, thousands of dollars in the aggregate saved to the men of Edmonton in their clothes budget; third, they will wear better clothes.

A Deposit Secures Your Order-Take Delivery when La Fleche Custom Tailored Clothes **Built to Your Personal Order** 

The same High-Class La Fleche Tailoring as when you pay the regular price.

COUGHLIN'S THE CAPITOL

PERMANENT WAVE SHOP 10132 Jasper Avenue. Edmonton Three-Piece Suits satisfy that desire for something new

We predict a huge success for this type of suit - Tweed-so adorably young with its tuck - in blouse and nipped-in waistline. Attractive color and designs - Buy one now for wear beneath your winter coat and later when you take it off.

ACCESSORIES To wear with your Tweeds

Your hat may be one of the new brimmed

shapes of a color to 'tone in' with your ensemble

Your bag will be the same shade as your enough lively color for shoes in suede or calf.

# CHRYSLER "66"

LEADS all low-priced sixes in performance and value

In tested quality, in the smarmers and individuality of its design, in speed and pick-up, in luxurious confort—the new Chrysler "66," priced at \$1255 and upwards, definitely leads all low-priced sixes in performance and value. The advanced character of Chrysler "66" en-

INSPIRES

gineering is evidenced by its modern 75-horsepower engine with counter-weighted 7-bearing crank-shaft, Invar Strut pistons, impulse neutralizer, mechanical fuel pump instead of a vacuum tank, rubber engine mountings, and numerous other typically Chrysler engi-

CHRYSLER

10157 102nd STREET

A new riding ease is achieved through an entire-ly new type of rubber spring shackle, noiseless and requiring no lubrication. Another exceptional asset is the safety of the famous Chrysler internal-expanding 4-wheel hydraulic brakes. Note, too, its French-type roof and steel quarter

> work. Point after point, fea-ture after feature—emphasize conclusively the fact that the new Chrysler "66" is the major value of all the lowerpriced sixes. Demonstration and comparisons furnish the

latest trend in finest coach

ALL ITS OWN

# **OUTSTANDING QUALITY**

Actually Priced Lower Than Many Sixes

Judged in the light of its manifest value and quality, the new De Soto Straight Eight is truly epoch-making. It is not only far lower in price than any other eight-it is actually lower-priced than many Never before has such an imposing array of numistakable quality features been available in a car of such moderate price.

Unisteel Construction

Intaiced Construction
Long the aim of the industry's leading
engineers, this basic advancement affords
advantages in advence, addit and riding
counfort never before even closely ap-proached. Experts pronounce it one of
the most determining developments in
the history of the industry.

Boun-Brait Carburgion

roun-treat Carburetion
The latest, most effective system of carburction. Offers full advantage of both
Dusn-Draft Carburetor and Down-Braft
Manifolds. The effects on economy and
efficiency of operation are almost
unbedievable.

Four-Wheel Hudraulie Brakes

Admittedly the safest, sureat, most dependable braking system known to axiomotive engineering. Nothing finer no matter how much more you might pay for your

Full-Pressure Lubrication

A more expensive type of construction tound ordinarily only in cars much higher priced than De Soto Straight Eight.

Eliminate all metal-to-metal contacts— require no tubrication—immune to noises. One of the most revolutionary chassis improvements of recent years.

Classes Improvements the Nois Straight the new Chrysler-built De Nois Straight the new Chrysler-built De Nois Straight the new Chrysler-built De Nois Straight the new Control of the Noise Noise Straight Control of the Noise Nois
